01 · WHO WE ARE

A U.S. contractor built to deliver where others cannot

A-J Truck, LLC is a California limited liability company, active since December 2015 and operating as A-J Group through the trade names A-JA Construction Group, A-J Contracting, A-J Technology, and A-J Delegation. The company is registered with the U.S. federal government (SAM, CAGE, UEI) and holds JCCS vendor authorization to contract across the Middle East and North Africa.

Our leadership brings direct field experience supporting U.S. forces in Iraq, and the company maintains an established supplier and delivery network across every region of the country. By combining U.S. contracting experience, established supplier relationships, and extensive regional knowledge, A-J Truck, LLC provides integrated solutions for complex government, commercial, and infrastructure requirements.

02 · BUSINESS LINES

Logistics & Transportation

Federally authorized motor carrier (USDOT / MC) providing port drayage at Los Angeles and Long Beach, general and specialized freight, and in-country delivery across Iraq.

Contracting & Procurement

End-to-end sourcing, procurement, and delivery of electrical equipment, computer systems, vehicles, spare parts, generators, construction materials, and essential project supplies, supported by established U.S. and regional supplier networks.

Government Representation

A-J Delegation facilitates institutional coordination, business representation, strategic partnerships, and procurement engagement between ministries, public bodies, and qualified U.S. suppliers and organizations across Iraq and the MENA region.

Cybersecurity & IT

Cybersecurity risk assessments, vulnerability management, security hardening, network protection, security monitoring, and IT infrastructure solutions for government institutions, critical infrastructure, and commercial enterprises.

OUR BRANDS

One accountable company, five specialized brands

A-J Group is the corporate identity of A-J Truck, LLC. Each registered trade name leads a distinct area of delivery, while every contract, registration, and obligation remains with one U.S. legal entity — so clients work with a single, accountable counterparty.

Daniel Wells, Assistant General Manager

Commercial facility services

Spring Valley, CA
Office campus · 4+ years

Delivered more than four years of integrated landscaping, irrigation, pavement, and janitorial services for a commercial office campus in Spring Valley, California. Managed an 18-person crew and completed the contracted scope on schedule without cost growth.

Documented commercial performance supported by signed recommendations, project records, and contractual references.

DOCUMENTED PRE-2015 EXECUTIVE CONTRACTING EXPERIENCE

Proven in the field alongside U.S. forces

Before establishing A-J Truck, LLC in 2015, Chief Executive Officer Ahmed Aljabari developed extensive contracting and project-management experience supporting U.S. Army and U.S. Marine Corps operations in Iraq. His documented assignments included logistics, equipment delivery and installation, infrastructure support, and power-generation maintenance. Original commendations, recommendation letters, and employment records demonstrate successful execution in demanding operational environments.

WHY PARTNER WITH US

A U.S. partner that understands the region

Authorized for the region

JCCS authorization through 2031 and a branch registration filed with the Iraqi Ministry of Trade.

Local network, U.S. standards

Established suppliers, logistics resources, and operational teams throughout Iraq, combining local market knowledge with U.S. contracting practices, quality expectations, and safety standards.

Field-tested leadership

Executive leadership with documented recommendations and commendations from U.S. Army and Marine Corps personnel for contracting, logistics, and infrastructure projects performed in Iraq.

Bilingual delivery

Proposals, statements of work, and reporting provided in English and Arabic.

COMPETITIVE ADVANTAGES

A-J Truck, LLC combines U.S. federal contracting credentials, regional authorization, established Iraqi operational networks, proven commercial performance, experienced leadership, and diversified technical and procurement capabilities.

OPERATIONAL CAPACITY

We mobilize projects by coordinating U.S. suppliers and manufacturers with our Iraqi supplier network, local transport resources, and in-country field teams, all under U.S.-based management and reporting.

Who we serve

Ministries and government agencies in Iraq and the MENA region · U.S. embassies and consulates · U.S. defense prime contractors · Commercial and industrial clients

Let’s work together

Contact our team to discuss government contracting opportunities, strategic partnerships, procurement requirements, logistics operations, and cybersecurity or IT projects.
